

The Yaqui Deer Dancer (pictured) derives from the Sewa Ania (flower World), and symbolizes our connection to the Huyya Ania (Wilderness World) and all its inhabitants.

# SONORAN PUEBLO CONTRACTING LLC

## ABOUT US

The Pascua Yaqui Tribe is a federally recognized tribe since 1978; however, Yaqui people have inhabited the Sonoran Desert region, extending from the Southwest United States to Northwest Mexico, for thousands of years. Yaqui people have a unique historical connection to this region, from trade, social, and kinship networks to cultural relations. Since European arrival, Yaqui people have continuously safeguarded language, culture, and a way of traditional life learning methods in an ever-changing world. Today, the Pascua Yaqui Tribe is pioneering in development and nation-building, grounding the efforts on the cultural values and the teachings of our ancestors whose strength, resilience, and hard work have allowed Yaqui communities to persist.

Sonoran Pueblo Contracting (SPC) is an enterprise of the Pascua Yaqui Development Corporation, a federally chartered Section 17 corporation located in Tucson, Arizona. SPC was created to provide the Pascua Yaqui Tribe, public agencies, educational institutions, private clients, and other Native American Tribes with construction contracting services. We are Southern Arizona's trusted builder.
